Subject: Responses to Utah Lake Distribution Plan Comments

Date: July 25, 1991

We have formulated responses to the various comments we received regarding the Proposed Distribution plan for the Utah Lake Drainage Basin. We plan to send this packet to all who submitted comments so that the water users will be aware of the various viewpoints regarding this issue, as well as our response to these viewpoints. Please review our responses and give us your comments. Look for any inconsistencies between the responses as well. We would like to get these out some time next week.
